

BENELLI MOTORCYCLES USA

Founded in 1911, Benelli started its legend from the Benelli brothers' garage in Italy. Throughout its long history, Benelli has been known for elegance, uniqueness, and passion. Taking a different route from other Italian motorcycle companies, Benelli is based around the concept of offering Italian style at smaller displacements with a product lineup sized for American riders and offering the best value for money.

With one of the fastest growing dealer networks in the USA, great spare parts availability, a comprehensive 12-month, 12,000-mile warranty, and available extended warranty, Benelli is the choice of people looking to combine value with style.

Thank you for your interest in Benelli and we look forward to welcoming you to the Benelli and SSR Family.
